Hsin Yi Golf Club

Taiwan • Kaohsiung

Welcome

The Hsin Yi Golf Club was established in 1987. After entering via the entrance adjacent to Tai-22 Route, visitors are greeted with a wide and flat 4-lane driveway that leads directly to our club.

Our spacious parking lot accommodates at least 320 sedans and 10 busses. From the moment they enter the club, our members are pampered with a vast and comfortable golf environment.

Entrance/start of 4-lane road

Lobby-front parking lot

Arts

The qilin is a mythical creature that Chinese people believe brings good luck and prosperity since ancient times. We adopted the qilin as our spiritual symbol and logo, and we like its wisdom as well as its speed – it is said to be able to "start in the morning and arrive before dark on a one thousand mile journey"– so much that we made it our corporate standard.

A total of 350,000 pieces of red tiles are used on the roof of our Club building, which is built in a classic Chinese architectural style. This reflects our Golf Club' s relentlessness in the pursuit of perfection.

Spirit

Our club atrium exhibits a great number of Koji Pottery Artworks by Mr. Lu Shen-nan, a national treasure art master. We invite you to appreciate these masterpieces of pottery art.

A rarely-seen large Koji Pottery work, measuring 470 cm in height and 850 cm in width, which is a masterpiece that took Mr. Lu Shen-nan and his team an entire year to finish, is also exhibited at the Club's atrium.

Golf Course

Our 18-hole, 106-hectare, international standard golf course has been open since 1989. Each hole adopts a double-green design to keep the green in its best condition.

Thanks to our vast space, there is a good amount of distance between each hole for comfortable and safe swinging. The course is vast, with gentle slopes and beautiful views at all of its holes, and the total length of the course goes from 6600 yards to 7600 yards. We have invested large amounts of resources and manpower over a long period of time to keep our golf course in the best possible condition. Good drainage allows for an average green speed of 8.5 to 9, and this has received praise from both domestic and foreign golf players.

The biggest practice double-green in Taiwan, with an area of 3,018 square meters

Hole 5: A Beauty' s Dimple

Located at the vantage point in Dashu District, it has excellent visibility and wonderful views.

Gourmet

Our 662-square-meter restaurant accommodates up to 350 guests. We use fresh local produce in our restaurant, and we can cater to a wide range of occasions from casual to formal settings. The dining experience is also enhanced with the great views from our dining room. Large private rooms are available, and a large round table can seat up to 24 people for meeting and dining. (Non-member customers are welcome.)

Cafe
Accommodates up to 64 guests. Light refreshments and gourmet coffee are served.

Gifts

Hsin Yi serves only the best local produce.

Dashu District, home of Hsin Yi Golf Club, is a place blessed with the perfect environment for growing pineapples. We grow Diamond Pineapples on our club property and use it to manufacture the stuffing of our pineapple pastry, which is a very popular gift. The pineapple pastries are low in sugar and does not use chemical flavoring, making it a healthy snack that is worth sharing.

Facilities

1.2. Outdoor lawn for parties and banquets.
3. 40-person fully equipped conference room.
4. Three VIP rooms for special guests.
5. Spacious and comfortable shower rooms.
6. Luxurious business exhibition venue.

Events

Driven by our mission of promoting the sport of golf, we have organized all sorts of events in recent years, including mixed pair golf competitions, senior golf tournaments, and youth golf tournaments. We are actively promoting golf in Southern Taiwan to increase people's interest in the sport.

Our Hsin Yi Winter/Summer Camp for children of 8 to 18 years of age is very popular. Let golf bring fun and happiness to your life!
